Agency's primary purpose and its various goals and objectives

The Ohio Dentist Loan Repayment Program (ODLRP) Advisory Board was established in 2004 in accordance with O.R.C. Section 3702.92 to provide guidance for the ODLRP. Later, with the establishment of the Ohio Dental Hygienist Loan Repayment Program (ODHLRP) in 2015, the Board was given the additional responsibility of providing guidance to the ODHLRP. The ODLRP and the ODHLRP are operated by the Ohio Department of Health to improve access to dental care for Ohio's underserved communities by recruiting and retaining general and pediatric dentists and dental hygienists who agree to practice in rural and urban shortage areas and to serve patients regardless of their ability to pay. The programs provide up to \$50,000 for repayment of outstanding dental and dental hygiene school loans for selected dentists and dental hygienists who commit to an initial two-year contract. A maximum of \$120,000 is available to those program participants who practice for four years under a loan repayment contract.

According to O.R.C. Section 3702.94 and Section 3702.966, the Board, annually on or before the first day of March, shall submit a report to the Governor and General Assembly describing the operations of the ODLRP and the ODHLRP during the previous calendar year.
